https://x.com/thisispandi

Computer Science graduate with hands-on experience in Java, Python, and web development. Developed projects including an AI-based parking system using OpenCV and interactive web applications. Strong in problem-solving and eager to contribute as a Software Developer.

EDUCATION

GHSS, Vetriyur

SSLC (2017 - 2018) - 85.6%

HSC (2019 - 2020) - 66.83%.

Satyam College Of Engineering and Technology, Aralvoimozhi

BE Computer Science (2020 - 2024) - 74.6%

PROJECTS

Portfolio Website (https://thisispandi.github.io)

- Built a responsive personal portfolio using HTML, CSS, and JavaScript
- Designed a clean user interface to showcase certificates, skills, and contact details
- Enhanced user experience through responsive and clean UI design

Riddle Game (https://github.com/thisispandi/Projects/tree/main/Riddle)

- Developed a command-line-based puzzle game using Java
- Implemented question logic, scoring system, and user interaction
- Designed efficient logic for question handling and scoring system

Drum Kit (https://github.com/thisispandi/Projects/tree/main/Drum%20Kit)

- Created an interactive musical instrument web app using JavaScript
- Implemented sound playback using keyboard and mouse events
- Gained experience in DOM manipulation and event handling

AI Car Parking System (Team project – Frontend Developer)

- Developed a smart parking detection system using OpenCV
- Implemented vehicle detection and slot tracking
- Reduced manual monitoring by automating parking management

SKILLS

Technical Skills

- Languages: Java, Python, C#
- Web: HTML, CSS, JavaScript
- Database: SQL
- Tools & Platforms: Git, GitHub

Soft Skills

- Communication
- Teamwork & Collaboration
- Problem-Solving
- Adaptability
- Time Management

CERTIFICATES

(**https://thisispandi.github.io/#certificates**)

HackerRank: Python, CSS, SQL, JavaScript

Udemy: Full Stack Development

LANGUAGES

English and Tamil
